KLAIPĖDA, LITHUANIA

GENERAL INFORMATION

KLAIPĖDA, LITHUANIA

If one had to describe the port city of Klaipėda in three words, those would be "tranquility", "culture", and "creativity". Klaipėda is arguably the most historically rich Lithuanian city that still exudes the instantly recognisable German spirit, and differs from the capital Vilnius and the second-largest city Kaunas by its architectural style, buildings, and winding cobbled streets. While life may be a bit slower here, the city's palpable urban character is best represented by the sound of waves crashing against the pier, and the gorgeous promenades that come to life at night.

WE ARE SURE THAT YOU WILL ENJOY YOUR VISIT!
